HALLELUYAH

A Testament of God's Provision:

**Mrs. Hoicy Singson
Co-ordinator, DTC**

*Learning to
Lean on
God's
Strength*

I never dreamt that one day I will be involve in a ministry taking care of the girls from different background and way of life. I find it difficult at first but realize that I need to come down to their level in order to understand their problem.

Gradually, they started sharing their problems and difficulties.

Today, I am really blessed to be with them. We learn to rely on God for all our needs and we've seen with our own eyes the way God is answering our prayer. At times, it is not easy to discipline them but I am reminded that God gave me the responsibility; he will give me wisdom to deal in all situations. I am also developing the habit of having personal devotion, to have more patience, understanding and a forgiving heart. I also learnt that to change someone is not easy, it can only be possible through the strength of God. It is not that I choose to be in this place but God choose me to be a part of this ministry so that I may become more mature in my spiritual life. (John 15:16)
